Post/Job Title:	Data Analyst (Statutory Returns)
Ref:	
Professional Service:	Academic Services/Student Records and Reporting team
Location:	Any University location
Normal hours per week:	1 FTE
(Flexibility is required in order to ensure that key time scales and deadlines are met)	
Grade:	5
Responsible to:	Statutory Returns Manager
Responsible for:	N/A

Job Purpose

To support the Statutory Returns Manager in the successful and timely completion of key institutional data returns in accordance with published definitions and timescales. To evaluate statutory and regulatory requirements, providing advice and guidance regarding their associated impact on Bournemouth University data, systems and processes. Responsible for undertaking rigorous data cleansing and transformation of student record data to ensure it fulfils internal business requirements and meets/exceeds statutory validation and continuity standards. Work collaboratively with stakeholders from across the organisation to facilitate the continuous development of the student records system and associated processes and procedures to ensure operational stability and safeguard statutory compliance.

The role will be required to work across teams, providing mutual support within other teams in BU when required to address workload peaks, cover for staff absence and ensure consistent delivery of a professional and efficient service.

Main Responsibilities

1. To develop specialist and expert knowledge for relevant statutory returns, providing an institutional point of expertise, advice and guidance. Ensure knowledge is up-to-date and adapted to reflect new and changing requirements.
2. Develop specialist knowledge to facilitate the preparation and submission of accurate statutory returns in accordance with the guidance and timescales published by numerous agencies including Higher Education Statistics Agency (HESA), Office for Students (OfS) and the Education & Skills Funding Agency (ESFA).
3. Develop specialist technical skills to facilitate the development and maintenance of quality assurance processes that ensure all relevant data is accurate, timely, robust and consistent. Establish, document and maintain effective processes and procedures allied to the extraction, validation, transformation and reconciliation of student records data in accordance with business requirements and statutory definitions. Produce audits and liaise with Faculty and other Professional Service staff to gather timely responses.

4. In accordance with the university's regulations, policies and procedures, develop and maintain key relationships with academic and administrative staff at the university and Partner Institutions in relation to effective data management and the interpretation and production of statutory returns, ensuring that complex information is explained clearly and concisely.
5. Proactively work with colleagues regarding any issues identified during the production of each return and facilitate the development of appropriate system and/or process enhancements that address performance gaps.
6. Contribute to the preparation of Data Quality Review (DQR) documentation for relevant submissions and facilitate internal and external audits of statutory data.
7. Facilitate the implementation of new statutory returns (definitions, data items, data structure and reporting requirements) including any associated changes to business and systems processes.
8. Monitor and respond to ad-hoc data queries that are received into the team, dealing with these in a timely manner.
9. Ensure all aspects of work achieve high levels of service excellence. Contribute to continuous improvement by identifying opportunities for process enhancements, the development of performance measures and regular monitoring of performance against agreed standards.
10. Identify and undertake appropriate development opportunities to ensure effective knowledge transfer within the Student Records and Reporting team and facilitate a culture of continuous professional development.
11. Maintain an acute understanding of activity within UK Higher Education in particular that which impacts the statutory landscape and/or the student record system. Contribute to the impact assessment of those developments and facilitate the review of policy, processes and procedures as appropriate.
12. At all times maintain confidentiality, working within the requirements of the Data Protection Act and the university's Confidentiality Policy.
13. Liaise with external organisations such as HESA, OfS, ESFA and software suppliers.
14. Supporting BU wide events and activities e.g. Enrolment, Graduation, Confirmation and Clearing.
15. Be a proactive member of the wider Academic Services team and actively participate in discussions with colleagues to identify on-going service improvements and efficiencies.
16. Any other duties as may reasonably be required by your line manager or other senior management within Academic Services as commensurate with the grade.
